It's fairly suspect that so many things are happening together right now. Manipulation is probably behind it all.

❗ The Fact that Julian Assange hasn't Tweeted since early Dec 31st, and Wikileaks is now Tweeting about Trumps Taxes should concern you on any Information you get from Wikileaks going forward. The backers of Wikileaks need Proof of Life, and deserve it from Julian Assange.

Fake news. She was harassing them and had the audacity to use a kid of their kid in the process. A real journalist is not a troll. She consistently trolls people for attention. She should be banned.

We need some prominent people on TV to start pushing back against these inhumane masks
I see where this is going and if no one fights this BIG TIME were going to be in masks for the next 3 to 5 years. Or more

This argument from the brilliant folks with "resist" in their bios.. about kids going back to school..

Even those you worship like Dr. Birx and Dr. Fauci as well as the CDC have said children rarely get it, and rarely spread it..

Which means it's time for school weak parents..

I've worked in restaurants before and it can happen just as easily as someone forgetting a simple closing task like turning off the gas before they close up. It's a serious task and can be reason to fire someone

For those who can afford it and decide to homeschool, great! Many parents consider it a privilege to homeschool. For the rest of the students, let them go back. The teachers should practice social distancing from other adults etc. Teachers are essential workers

It is not quite clear to me that the Supreme Court can validate an order against the President if separation of powers is a consideration

That would be no different than the President issuing an EO invalidating the SC order

The court overstepped its authority.

Mail-In Ballot fraud found in many elections. People are just now seeing how bad, dishonest and slow it is. Election results could be delayed for months. No more big election night answers? 1% not even counted in 2016. Ridiculous! Just a formula for RIGGING an Election....

If the facts are on your side, then you will beat the lawsuit Stand your ground! Use everything that Wikileaks has! Assange has a 100 percent accuracy rating for the last 14 years or so! It s how he wins his lawsuits due to his evidence! Every single one in the last 14 years

I understand that If you win your case, then you should be able to sue for attorney fees and expenses since they are the ones dragging you to court. Ask yours if that is possible. What can we, your followers do to help your case? Got merch? Do an auction! Do a five dollar drive!

All of that would be amazing, we've been posting it for years, it's just not at a Project Veritas like level to where we can actually make headway in not only fighting them, but we believe we can solve this case with the right amount of backing, we're close, very close.

How does the Deep State operate...

I don't think I've gotten one phone call or email from my Attorney in the last year that has been positive in our case...

I'm of course being sued for investigating the murder of Seth Rich, and the goal is to silence my investigations.

Mail-In Ballot fraud found in many elections. People are just now seeing how bad, dishonest and slow it is. Election results could be delayed for months. No more big election night answers? 1% not even counted in 2016. Ridiculous! Just a formula for RIGGING an Election.

What many fail to realize is how the Dems operate legally. They have MORE resources, MORE money, and MORE lawyers.. They have an army of Attorneys, I have two.. I now owe over $100K and counting, as does another gentlemen.

It's not as simple as just "fighting"

When our Founders were creating our nation, and they gave such power to the press, sacred honor, and someone's word still mattered.

It's sickening what we're seeing in America as dishonest liars run the press and the media.. and thus the country.

There are billions of $'s spent on political issues. Soros spent $32B in 36 years. Unfortunately, it would be impossible to get the FBI to check out the judge's bank account. It's hard to turn down a bribe if it is the right price. Bribery & blackmail is how DC rolls.

Just think if every time we asked a criminal "Did you do it?" and they said "Nope" and then everyone said "Okay, see he didn't do anything wrong."

That's exactly what's happened with this Wayfair story. ZERO Investigations into it, and the MSM is complicit in this story.

I had to fire General Flynn because he lied to the Vice President and the FBI. He has pled guilty to those lies. It is a shame because his actions during the transition were lawful. There was nothing to hide!

Yes, I posted about it earlier. College Station and Bryan are small college towns. The cops down there don't put up with that kind of nonsense. You'd think somebody who'd been an Aggie that long would know better, but there's a turd in every school now who has to stir it up.

Now that we have witnessed it on a large scale basis, and firsthand, Virtual Learning has proven to be TERRIBLE compared to In School, or On Campus, Learning. Not even close! Schools must be open in the Fall. If not open, why would the Federal Government give Funding? It won't!!

I agree! I teach 1st graders and did way more than the bare minimum. It's too difficult to teach kids how to read if not in person. Their social/ emotional needs must also be met!

Tami @DogsAndRabbits · 2m

Agreed. The longer it goes on, the more corruption is exposed. It looks better every day for General Flynn and worse for the people involved with OBAMAGATE. There is still time. The left will have to lie dramatically to try to cover it up. Different situation than Roger Stone.

Now that we have witnessed it on a large scale basis, and firsthand, Virtual Learning has proven to be TERRIBLE compared to In School, or On Campus, Learning. Not even close! Schools must be open in the Fall. If not open, why would the Federal Government give Funding? It won't!!!

I thought the police were supposed to defend the people from the mob? Not punish them for defending our own lives when they are nowhere to be found. This is sick. It simply can not stand.

Pointing a gun at unarmed people passing by in the street is not « defending your home ». It was stupid and uncalled for. If you want to wave a gun in people's face you'd better be ready to face the consequences. They just had to show they were armed, not put the gun on them.

How many of you are ready for the President to step in on the General Flynn fiasco and END IT!

Furthermore, it's time to get our amazing General back on the campaign trail for President Trump's re-election campaign!

Enough already, let's get this over with!

Untrue. Info about a new strand of virus evolves over time and so do directives. But social distancing has always been true and masks are a more recent recommendation.

Trump was wrong at every step though. But I wouldn't consider him a professional at anything other than grifting.

I fully agree that schools must open in the fall We have no scientific or medical reason to not reopen. School age children are not being affected by this virus. We need to keep in mind how many children are being adversely affected by not having any social interaction.

Exactly, and when these businesses go under, and never reopen... They'll have themselves to blame for falling for one of the biggest scams in America history. Hell the CDC and OSHA have even put out that masks don't work in their own internal documents, and We've shared them.

For the baker, it was a matter of conscience. He never said anything like "Oh, you're gay? Forget, I'm not serving you people." He shouldn't have to "check his beliefs at the door" of his business.

It's either right for a business to refuse service, or it's not.

They do this because their evil magic is based in rituals so they think they can conquer us by taking away our song and fellowship. Just proves evil is false. The church of Jesus Christ is deeply personal and where 2 or 3 are gathered in his name there he will be. No magic tricks

The media could not be played.

The second round was the closest either got to a KO

I'm not sure I'd call Santos "Bush league", worldclass BJJ, finished Kevin Lee, undefeated in 8 fights now

I know many in business and politics that work out endlessly, in some cases to a point of exhaustion. It is their number one passion in life, but nobody complains. My "exercise" is playing, almost never during the week, a quick round of golf. Obama played more and much longer.

Democrats don't want "open borders." This is yet another one of your stupid lies. Democrats just think that the money it costs for the wall could be used in order to prevent illegal immigration via other means. Most illegal immigration does not walk over the southern border.

Do RINO'S Pat Toomey & Mitt Romney have any problem with the fact that we caught Obama, Biden, & Company illegally spying on my campaign? Do they care if Comey, McCabe, Page & her lover, Peter S, the whole group, ran rampant, wild & unchecked - lying & leaking all the way? NO!

Liberals are losing their minds because Florida Governor Ron DeSantis said, "If you can do Home Depot, if you can do Walmart, you can definitely do the schools."

Why are you mad? Because he's right?

You cannot HIDE or RUN from a virus, these people are insufferably stupid.

Because a large big box store that someone goes into for 30 minutes is different than sitting in a small room with 30 other people for 7 hours. Really not that hard to understand.

You can sterilize a classroom and desks, easier than a store full of goods. And you can space the desks, as well as put appropriate filters on the climate control.

We've lost more kids to suicides related to the pandemic's isolation than we have to the virus! #OpenSchools 🇺🇸

To be clear, idk if it has anything to do with trafficking... as it could be many things.

What is needed to find out for sure is to see if there are records of sale... have there been any $3k pillows sold? How many overpriced cabinets?

It could simply be a $ laundering op

5 1 13

Double-Wide Dreaming ⭐⭐⭐ @2xwide_dreaming · 40m

All you need to wash $$ is to sell something for far greater than it's value

If you sell a $5 pillow for $1k of dirty cash, you have brought $955 of dirty

How many of you sitting on your hands and not speaking out realize they are literally trying to change EVERYTHING about your country, state, city, and towns?

You awake yet? They're winning, and you're turning the other cheek like "Oh Well" or "Not my Problem"

Shameful..

This is typical Trump. He and the mainstream media pretend to hate each other when they are actually in love. It's not just Fox News. After all, Trump attacks the NYT yet proudly paid them to falsely accuse the Central Park 5 of rape and publicly call for their brutal executions.

This is an injustice for the children &parents. They say remote teaching but it doesn't work! So many parents don't have internet or a computer 💻 for their kids to use. Also many start logging in then dwindled to very few! If teachers would wear masks and take precautions

Antibody tests for COVID-19 are available through healthcare providers and laboratories. Check with your healthcare provider to see if they offer antibody tests and whether you should get one.

A guide for understanding test results and determining what action to take

What do your results mean?

If you test positive

- [illegible]
- Having antibodies to the virus that causes COVID-19 may provide protection from getting infected with the virus again. If it does, we do not know how much protection the antibodies may provide or how long this protection may last.
- Talk with your healthcare provider about your test result and the type of test you took to understand what your result means. Your provider may suggest you take a second type of antibody test to see if the first test was accurate.
- You should continue to protect yourself and others since you could get infected with the virus again.
  - If you work in a job where you wear personal protective equipment (PPE), continue wearing PPE.
- You may test positive for antibodies even if you have never had symptoms of COVID-19. This can happen if you had an infection without symptoms, which is called an asymptomatic infection.

If you test negative

- You may not have ever had COVID-19. Talk with your healthcare provider about your test result and the type of test you took to understand what your result means.

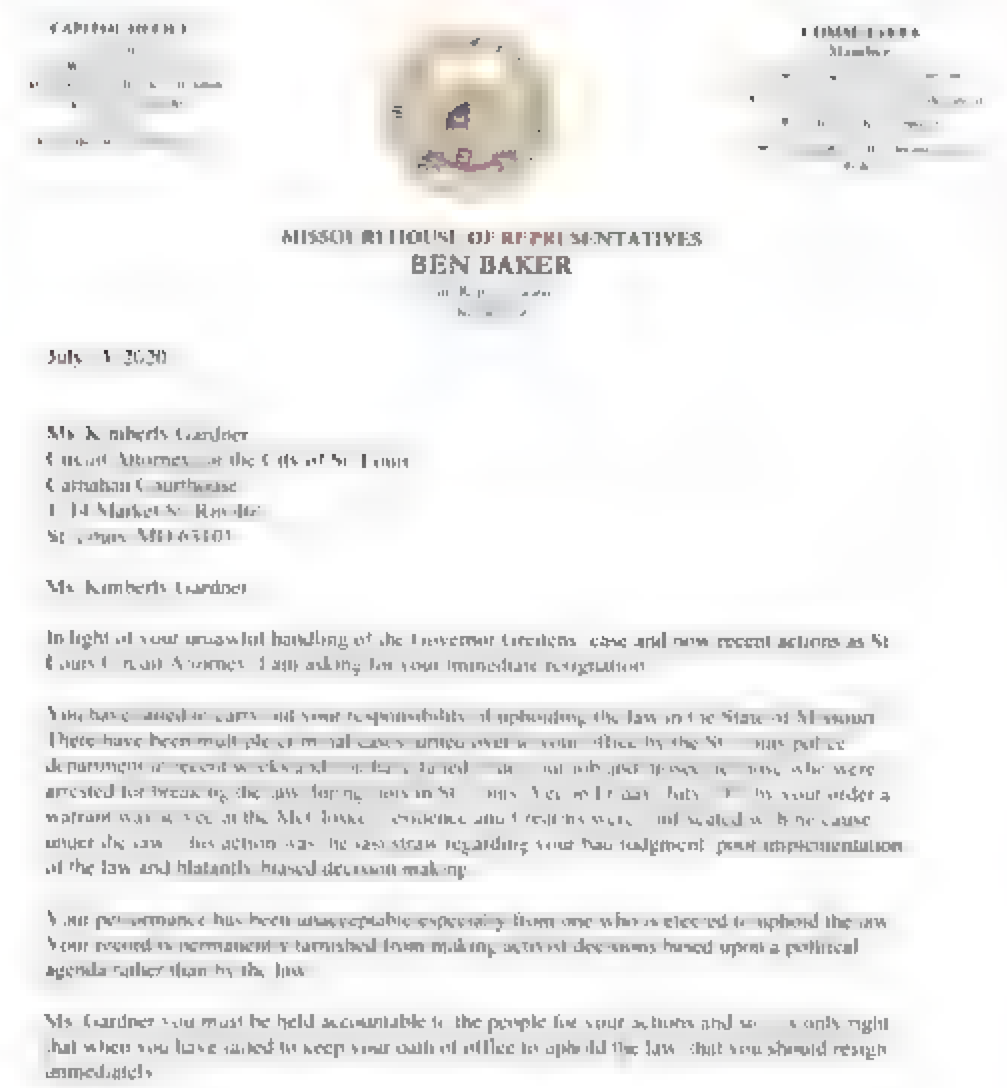
At least someone in Missouri is holding this corrupt DA in St Louis accountable



MISSOURI HOUSE OF REPRESENTATIVES
BEN BAKER

July [illegible] 2020

Ms. Kimberly Gardner
Circuit Attorney for the City of St. Louis
Carnahan Courthouse
1114 Market St. Room [illegible]
St. Louis, MO 63101

Ms. Kimberly Gardner

In light of your unlawful handling of the Governor Greitens case and now recent actions as St. Louis Circuit Attorney, I am asking for your immediate resignation.

You have failed to carry out your responsibility of upholding the law in the State of Missouri. There have been multiple criminal cases [illegible] over to your office by the St. Louis police department in recent weeks and [illegible] only just [illegible] those who were arrested for breaking the law [illegible] in St. Louis. [illegible] by your order a warrant was [illegible] at the McCloskey [illegible] evidence and [illegible] under the law. [illegible] action was the last straw regarding your bad judgment, poor implementation of the law and blatantly biased decision making.

Your performance has been unacceptable especially from one who is elected to uphold the law. Your record is permanently tarnished from making activist decisions based upon a political agenda rather than by the law.

Ms. Gardner you must be held accountable to the people for your actions and [illegible] only right that when you have failed to keep your oath of office to uphold the law, that you should resign immediately.

So Seattle is taxing businesses to pay for their messes..

Brilliant...

The average tax will be $2700 per person on a high paying salary..

So they're punishing the hard working folks for what the criminals and delinquents did for almost a month..

We were locked down hard at the time. So, the result is based on prior fears.

What if this entire schools closing situation was Gods way of trying to inform America's parents that our Democrat run education system is teaching our children to grow up to hate God, America, and family values?

Perhaps a massive blessing in disguise.. perhaps a wake up call?

Of course it was the corrupt Amy Berman Jackson who set the 12pm deadline on wanting an answer on what Stone's Clemency entails..

Good lord, this woman doesn't even hide the corruption, it's out in the open.

People in FL are saying they signed up to get tested. The lines were so long they left and a few days later they received positive test results

That is because those that are testing + already had it, developed immune response to it, possess antibodies to it, and are healthy. They never had symptoms. That's why cases are increasing and deaths plummeting! Add to the fact that it is NOT very deadly at all in line with flu

I don't agree with liberals very often, but President Trump appointing Sebastian Gorka to any position is a mistake.

This guy is an ego maniac who literally craps on conservatives on a daily basis that he disagrees with. This is a terrible look Mr. President.

It actually is. Talked with a Border Patrol agent last week who said they've seen a decrease in people crossing. Drugs smuggling has decreased because the wall has forced them to move to a more rough terrain that's extremely difficult to travel on.

What if this entire schools closing situation was Gods way of trying to inform America's parents that our Democrat run education system is teaching our children to grow up to hate God, America, and family values?

Perhaps a massive blessing in disguise.. perhaps a wake up call?

People in FL are saying they signed up to get tested. The lines were so long they left and a few days later they received positive test results

That is because those that are testing + already had it, developed immune response to it, possess antibodies to it, and are healthy. They never had symptoms. That's why cases are increasing and deaths plummeting! Add to the fact that it is NOT very deadly at all, in line with flu

What Trump doesn't tell everyone is that while his approval rating among the Republican party is still strong, the Republican party is literally shrinking by the day. There are now many more Democrats than Republicans in America.

Why can't Republicans hold Trump accountable for any of his illegal activity? The President is not allowed to promote American companies.

It's pretty easy to have a winning record when you choose the candidates who have the best shot of winning. Let's see how the real election turns out. Why don't you talk about the 2018 midterms where Republicans got wiped out despite your endorsements?

22 16 153

Mrs. Krassenstein @HKrassenstein · 6m
This is how Trump's corruption works. He goes out of his way to endorse the candidates that he knows will win. Then when they do win, he expects them to remain loyal to him and ignore his corruption.

Matt, I'm a huge fan of yours. I've been following you for a while now, and support you. But I have to say I believe in masks. Let's say they don't work, then the worst thing we've lost is a few dollars and looking ridiculous. BUT, if they DO work... lives saved.

The CDC released a study in May that says that surgical masks aren't effective in stopping the transmission of influenza, whether worn by the infected or the uninfected. Masks don't work. Not for this purpose. There's another reason for the mandates.

Steve @Steve32830609
Disposable medical masks (also known as surgical masks) are loose-fitting devices that were designed to be worn by medical personnel to protect accidental contamination of patient wounds, and to protect the wearer against splashes or sprays of bodily fluids (36). 1/3

Then why haven't we seen someone come out and show how masks work and back it up with facts? Not one expert has been able to do that.

If you could prove masks work, you wouldn't have to force people to wear them sir..

Governor Mike DeWine @GovMikeDeWine

I am asking you, wherever you live, to wear a mask when in public. Some may question the wisdom of masks, but as we said when I was a prosecutor: "The jury is back. The verdict is in." There is broad consensus in medical, health, & business communities that masks are critical.

Much like the NFL, @Walmart unfortunately won't be impacted financially much by their nonsensical mask rules. There is ALREADY too much money/assets available for them. Therefore, they do what they want.

Add Tennessee to that list. One of my neighbors made 3 appts with 3 diff places thinking she would do the first available. She ended up not using any of them. Later received 3 separate positives.

Add Tennessee to that list. One of my neighbors made 3 appts with 3 diff places thinking she would do the first available. She ended up not using any of them. Later received 3 separate positives.

Honest statement and question. No candidate HAS to supply their taxes, it is a "tradition" and I read there are cases where Congress can demand them by vote for specific reasons. Why is this still going on?

It's a group from within US government that wanted things exposed as month of August begins, people return from summer vacation, & the US national election cycle begins in earnest: they are worried that if Biden wins, with backing of Silicon Valley, then China/Maoism will win.

Trump acts like he is the 'law and order president' but he has broken the law at every turn. Maybe it's because he is endlessly corrupt. Or maybe it's because he is too dumb to realize that we see right through him.

Do you know why Jesus did that?

The Inside of the Temple is reserved for Jewish Only, but on the 2nd level, that's for the "Nations"

He did that because GOD says "My Temple is a House for ALL NATIONS.." They were blocking & keeping the non Jewish from worshiping

Do you know why Jesus did that?

The Inside of the Temple is reserved for Jewish Only, but on the 2nd level, that's for the "Nations"

He did that because GOD says "My Temple is a House for ALL NATIONS.." They were blocking & keeping the non Jewish from worshiping

Your'e welcome

I do believe that most (if not all) lrg corporations are ALL part of the extensions that make up the 'Global Octopus' & so 'they' are flexing 'their' muscles against the Patriots to show that 'THEY' are bigger & stronger to fight the fight back. Masks are a symbol of compliance.

"Will Teach Remotely." In CA, we routinely graduate people from high school who can't read. Now, TV education. It's almost as if they don't want kids to grow up capable of functioning as adults, isn't it?

So Democrats in office can ask you to boycott a company, but the President of the United States can't stand up for a Hispanic company and ask Americans to support them?

The double standard is being played out in front of your eyes..

How in the world can liberals not see this?

Coronavirus (COVID-19)

N95 General Public

The Centers for Disease Control and Prevention (CDC) does not recommend that the general public wear N95 respirator mask to protect themselves from respiratory diseases, including coronavirus (COVID 19)

N95 MASK: are designed for CONTAMINATED environments. That means when you exhale through N95 the design is that you are exhaling into contamination. THE EXHALE FROM THE N95 AND OTHER MASK ARE VENTED TO BREATH STRAIGHT OUT WITHOUT FILTRATION

(They don't filter the air on the way out) Covid breath is unfiltered being exhaled. (BECAUSE it was designed for contaminated environment. it's not filtering your air on the way out.)

The key here is the FBI lied and said they had no files on this in previous FOIAs. They've consistently said they didn't look into Seth Rich. Now thanks to our Legal Beagles and Judicial Watch we've turned a corner today!

55% of all people fatally shot by police are WHITE.

27% black

19% Hispanic.

They are not shot because of "systemic racism" but while committing violent felonies.

I live in an area that is usually over the board crazy with political signs. But not this time. But what I have noticed are a crazy amount of American Flags flying from houses, businesses and cars... maybe flags are the new political sign ... the Silent Majority so to speak.

I'll say it again, Cuomo has handled this better than any Governor in America..

He's praising Trump right now and they are working together to help this nation.

It's nice to see bipartisanship working, unlike the negative racial divide in a pandemic like the media is spreading!

Bizarre answer. And "national anthem police" Really? The pregame anthem has been a tradition for years, embraced by millions, now under fire by activists. I'm open to a pregame kneeling moment that does not insult America. To be met with this hostility does not bode well.

The Radical Left Democrats, who totally control Biden, will destroy our Country as we know it. Unimaginably bad things would happen to America. Look at Portland, where the pols are just fine with 50 days of anarchy. We sent in help. Look at New York, Chicago, Philadelphia. NO!

Bizarre answer. And "national anthem police" Really? The pregame anthem has been a tradition for years, embraced by millions, now under fire by activists. I'm open to a pregame kneeling moment that does not insult America. To be met with this hostility does not bode well.

Kneeling for the anthem doesn't "disrespect" America. If kneeling is good enough for Church it's good enough for the anthem.

Good Lord. Montel, hard to grasp that you don't know the difference between communal kneeling to show submission to God in a worship service, and individuals thwarting a patriotic observance to make a political point.
